On your mark, get set, have fun... Field Day is back!

Action Cycling Atlanta is proud to present the return of Field Day on March 31, 2018
Emory SAAC (Student Activity & Academic Center) - Recreation Field
1946 Starvine Way | Decatur, GA 30033

Field Day is our grown-up version of the most awesome school games from your childhood. We'll have 3-legged races, hula-hoops, tug-of-war, dizzy lizzy, and plenty of other fun games throughout the day. Gather a group of your friends or co-workers, put together & register your team, start fundraising for a great cause, and prepare for some good old fashion fun and friendly competition. Teams will accumulate points by winning games and also by fundraising for the chance to win the coveted 2018 Field Day Championship title!

How can you get involved?

Register at <http://donate.av200.org/FieldDay>

Team Captain. Each team should consist of 8+ participants who are ready to have some fun! Click on the Form a Team button and as team captain you can start your team registration. Once you've set up your team, register as a participant, customize your team page in the participant center, and then can add teammates. Maybe your restaurant, bar, or organization would like to challenge another to create a team and compete! Have some fun and begin your fundraising efforts.

Team Member. Click on the Join a Team button, select your team, and enter the team password. Once you're set up, customize your participant page in the participant center and you can begin raising money for a great cause.

As we get closer to the event more details will be provided online.

Who are the Beneficiaries?

Action Cycling Atlanta, an all-volunteer, 501(c) 3 non-profit, dedicated to ending HIV/AIDS. Our approach is multi-pronged: vaccine research, HIV/AIDS education and prevention. To achieve this mission, ACA produces two events each year: the AIDS Vaccine 200 (AV200), and new in 2018, Field Day. In its 16-year history, ACA has raised more than \$2.6 million for AIDS vaccine research at the Emory Vaccine Center and other Atlanta-area AIDS service organizations.

We hope to expand our reach in the Atlanta community and further our mission to one day end HIV/AIDS.

Hearts Everywhere Reaching Out (H.E.R.O.) for Children, Inc. is our partner beneficiary for Field Day. H.E.R.O. currently serves more than 350 kids with more than 250 volunteers. The organization's unique mission includes children who are affected by HIV/AIDS. An affected child is someone who has an infected parent, sibling, residential relative or has lost a relative to HIV/AIDS related complications. Approximately 33 % of HERO children are HIV positive and the other 67% are affected. Nearly 25% of HERO children have lost a parent to HIV/AIDS- related complications. H.E.R.O. serves a majority low-income population, and does not charge a fee to parents/guardians for any of its services or programs.
