**CAMP HIGH FIVE 2017  
CAMPER APPLICATION  
APPLICATION DEADLINE: MAY 12, 2017**

**PLEASE READ THIS PAGE BEFORE BEGINNING THE APPLICATION.**

We are looking forward to an exciting week of camp this summer! H.E.R.O. for Children, Inc. (H.E.R.O.)/Camp High Five strives to provide a safe, fun, summer camp experience for children infected with and affected by HIV/AIDS. One of the requirements for camp attendance is that **EVERY** Camper knows **before** coming to camp that someone in their family has HIV/AIDS (and who that person is). If you have any questions about this requirement, please call the Assistant Camp Director, Starla Windsor-Chambers, at (470)-321-3102. If this does not pertain to your family, you may return the application to the person who gave it to you, or submit it by mail, fax or email using the contact information below.

We, along with our Camp Twin Lakes partners, are constantly seeking ways to improve our application process to ensure our children have a healthy, happy week at camp. Requirements to achieve this goal include: a tuberculosis (TB) screening for all Campers, a full immunization record, and medical forms filled out by the Camper's Physician. Please give the medical forms (pages 11-14) to the Camper's Doctor or Nurse as soon as possible to give them enough time to complete them. **Page 14 is needed for HIV-infected Campers ONLY.**

Tuberculosis (TB) screening is **REQUIRED** by all Campers for camp attendance. The tuberculosis screening skin test takes 2 to 3 days to be completed. This may be obtained from the Camper's Physician or health department for a minimal cost. Please see page 2 for information regarding TB skin test deadlines.

In order to be sure your child has everything he or she needs for camp, please read, complete, sign and turn in the application by the deadline above. Please use the checklist below and on the second page of this application to ensure it is filled out in its entirety.

Please mail, fax or email the completed application to the H.E.R.O. office address/fax number/email address indicated below, or return it to your clinic Case Manager.

will be attending camp this summer. Information on HIV infection status is required to help Campers maintain good health during the camp session. Please complete this supplemental form **IN ADDITION** to the information and signatures requested on pages 9-11. Your signature is requested on this page, as well as on page 11.

For HIV-infected youth, the TB screening is required annually instead of every two years, as indicated on the previous pages. Quantiferon blood testing is also acceptable, if this has been performed. Therefore, please ensure that the tuberculosis skin testing or Quantiferon testing is performed after June 1, 2016 for those without a history of positive tuberculin skin test or TB diagnosis.

## Camp High Five – Camper Application – 2017

### CAMPDOC.COM NOTICE TO PARENTS/GUARDIANS

Dear Parents/Guardians,

As an organization, we are constantly looking to improve the accuracy and efficiency of the application process for Camp High Five. We recognize that the application contains private and sensitive data regarding your child and his or her health, and maintaining confidentiality is one of our main goals. Application information is used by camp staff before and during the camp session to ensure that your child has the best possible experience. Camp High Five uses CampDoc.com, an “electronic health record system for camps, designed by camp doctors, nurses, and directors”. It follows many of the standards of electronic health recordkeeping that are currently being used by clinics and hospitals nationwide. CampDoc.com information is kept on a secure server behind a firewall, all data is encrypted, and it is password protected to be accessed only by approved camp staff members. It is very safe and is used by numerous camps around the country. By using CampDoc.com, we are eliminating the possibility of paperwork being lost, stolen, or destroyed. In addition, it allows Camp High Five staff to provide timely and well-informed medical care for your child.

Again this year, you are invited to submit this application by mail, fax, email, or applying online through CampDoc.com. If you choose not to use CampDoc.com, you may return this application to the H.E.R.O. office by mail, email at [swindsor@heroforchildren.org](mailto:swindsor@heroforchildren.org), or fax to (470)-321-3106.

If you would like to complete our application using CampDoc.com, you may do so by going online to <http://app.campdoc.com/register/heroforchildren>.

If you have any further questions regarding CampDoc.com, please visit their website at [www.campdoc.com](http://www.campdoc.com). For specific concerns regarding your child’s medical information, please contact Camp High Five’s Assistant Camp Director, Starla Windsor-Chambers, at (470)-321-3102. Thank you for your cooperation.

## Camp High Five – Camper Application – 2017

### 2017 ADOLESCENT CAMPER HIV EDUCATION WAIVER

It is our belief that accurate HIV/AIDS education is the best intervention for providing affected children with the tools needed to live their best lives and to prevent the spread of HIV/AIDS. Therefore, during their week at Camp High Five, campers **13 years of age and older** will be presented with HIV education from qualified persons, which may include medical or social services professionals from AID Atlanta, Grady Hospital's Infectious Disease Program, Walgreens Pharmacy and H.E.R.O. for Children, Inc.

During this session, explicit material will be discussed and presented, both visually and verbally. This explicit material will include topics such as HIV transmission routes (including sexual transmission routes, intravenous drug use, breastfeeding and blood transfer), condom use, abstinence, disclosure to partners, statistics regarding the HIV virus, medication treatment and adherence, and other related topics that parents may not want to be presented to their children. The session will also feature a question-and-answer portion, and other interactive activities, during which Campers will have the opportunity to voice their questions and/or concerns about these types of topics.

If you would prefer not to have your child receive this type of education, (s)he can participate in an alternate activity planned by Camp Twin Lakes' staff.

\_\_\_ I **GIVE** H.E.R.O. for Children, Inc./Camp High Five permission to include my child, \_\_\_\_\_, who is **age 13 or older**, in the 2017 HIV Education Session. I **acknowledge that I have been advised that I can obtain more information about the specific topics and subject matters that will be presented at the 2017 HIV Education Session by contacting Starla Windsor-Chambers, Assistant Camp Director, at 470-321-3102 or [swindsor@heroforchildren.org](mailto:swindsor@heroforchildren.org).**

\_\_\_ I **DO NOT GIVE** H.E.R.O. for Children, Inc./Camp High Five permission to include my child in the 2017 HIV Education Session. During the session's time frame, I would like my child to participate in an alternate activity planned by Camp Twin Lakes' staff.
